**We Let Our AI-Driven Work
Speak for Itself**

CASE STUDY | SKIPIFY

Plego developed Skipify.ai to empower real estate professionals with top-tier skip-tracing data and real-time lead generation. The app addresses key challenges like finding hidden opportunities, dealing with obsolete data, and engaging unlisted property owners. With a 90%+ match rate, high-quality data integration, and a user-friendly interface, Skipify.ai enhances...

MORE

CASE STUDY | 10FOLD

Plego crafted an AI solution for 10FOLD that streamlines the process of sorting and analyzing articles, addressing large volumes of data by removing duplicates, classifying content, and identifying key trends. 10FOLD specializes in managing online articles for insightful client reporting. This technology improves their speed and accuracy in producing detailed, ready-to-present visual...

MORE

CASE STUDY | SENSAPHONICS

Plego created a virtual training platform for Sensaphonics, mirroring their traditional in-person seminars. Sensaphonics specializes in tailored earphones for noise protection. The course simplified access to training and obtaining certificate for audiologists. The switch not only brought in additional revenue but also enhanced the regular interaction with clients,...

MORE

CASE STUDY | ESCO

Plego revitalized ESCO's 20-year-old app with a modern ERP system, fixing speed and functionality issues. The ESCO Institute,

known for offering over 200 HVACR training solutions, benefited from key updates like a new admin panel, SSN masking, digital certificates, and address verification. This overhaul made their operations smoother and more efficient, setting them up for continued success. **MORE**

the app and everyone**

**has agreed it is saving
time!..**

We are really happy with the app
and everyone has agreed it is
saving time! Mission
accomplished! Thanks for
everything, we appreciate you!

Susan T from 10FOLD

Awards & Recognitions

We're proud to accept industry accolades for our commitment to unparalleled results, client service and continuous growth.

3 Reasons to choose Plego

1

Experienced team: Our team is composed of seasoned professionals proficient in an extensive range of technology stacks, platforms, and AI-driven solutions. Additionally, we are constantly staying abreast of the latest industry trends and technological advancements including artificial intelligence to ensure our clients receive state-of-the-art solutions.

2

Customer-centric approach: We put our clients first and work closely throughout development, using AI-driven insights to meet their needs. Our detail-oriented, process-driven approach, enhanced with intelligent automation, sets us apart. Beyond delivery, we provide support and maintenance including AI-powered optimizations, predictive enhancements, and adaptive learning to ensure our solutions evolve with client needs.

3

We Deliver On-Time and On-Budget: We have experienced managers who are skilled in planning, scheduling, and monitoring the progress of projects. We use advanced project management

tools and techniques, combined with an agile development philosophy and AI-driven analytics, to ensure that projects are delivered on-time and within budget.
